In re Application of :

Application No. 10/814,110 : DECISION ON RENEWED PETITION  
Filing Date: March 30, 2004 : UNDER 37 C.F.R. §1.78(A) (3)  
Attorney Docket No.: YMUCP002 :  
Title: LIQUID CRYSTAL FLOW :  
FORMING MECHANISM, METHOD OF :  
FORMING SAME, AND OBJECT MOVING :  
MECHANISM USING LIQUID CRYSTAL :  
FLOW :  
:

This is a decision on the renewed petition pursuant to 37 C.F.R. § 1.78(a)(3), filed April 5, 2007 to accept an unintentionally delayed claim under 35 U.S.C. §120 for the benefit of priority to the prior-filed international application set forth in the amendment filed with the petition.

An original petition was filed on November 13, 2006, and was dismissed via the mailing of a decision on March 14, 2007.

This renewed petition is **DISMISSED**

A petition for acceptance of a claim for late priority under 37 C.F.R. §1.78(a)(3) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after the expiration of the period specified in 37 C.F.R. 1.78(a)(2)(ii). In addition, the petition under 37 C.F.R. 1.78(a)(3) must be accompanied by:

- (1) the reference required by 35 U.S.C. § 120 and 37 C.F.R. §1.78(a)(2)(i) of the prior-filed application, unless previously submitted;
- (2) the surcharge set forth in § 1.17(t); and
- (3) a statement that the entire delay between the date the claim was due under 37 C.F.R. §1.78(a)(2)(ii) and the date the claim was filed was unintentional. The Director may require additional information where there is a question whether the delay was unintentional.

The petition does not satisfy item (1) above.

The reference to add the above-noted, prior-filed application on page one following the first sentence of the specification is not acceptable as drafted since it **improperly incorporates by reference the prior-filed application**. An incorporation by reference statement added after an application's filing date is not effective because no new matter can be added to an application after its filing date (see 35 U.S.C. § 132(a)). If an incorporation by reference statement is included in an amendment to the specification to add a benefit claim under 35 U.S.C. §120 after the filing date of the application, the amendment would not be proper. When a benefit claim under 35 U.S.C. §120 is submitted after the filing of an application, the reference to the prior application cannot include an incorporation by reference statement of the prior application. See Dart Industries v. Banner, 636 F.2d 684, 207 USPQ 273 (C.A.D.C. 1980). Note MPEP §§ 201.06(c) and 608.04(b).

Moreover, the amendment fails to comply with the requirements of 37 C.F.R. §1.121 in that **the text that is to be added has not been underlined**. Furthermore, if Petitioner wishes to amend the priority claim, he may wish to consider the **deletion of the improper benefit claim** that was submitted via a preliminary amendment to the specification on August 25, 2004.

Before the petition under 37 C.F.R. § 1.78(a)(3) can be granted, a renewed petition and either an Application Data Sheet or an amendment (complying with the provisions of 37 C.F.R. §§1.76(b)(5) and 1.121) to correct the above matters are required.

Any reply should include a cover letter entitled "Second Renewed Petition Under 37 C.F.R. § 1.78(a)(3)." This is not a final agency action within the meaning of 5 U.S.C § 704.

The renewed petition should indicate in a prominent manner that the attorney handling this matter is Paul Shanoski, and may be submitted by mail<sup>1</sup>, hand-delivery<sup>2</sup>, or facsimile<sup>3</sup>. Registered users of EFS-Web may alternatively submit a response to this decision via EFS-Web<sup>4</sup>.

If responding by mail, Petitioner is advised not to place the undersigned's name on the envelope. Only the information that appears in the footnote should be included - adding anything else to the address will delay the delivery of the response to the undersigned.

Petitioner will note that an ADS filed with the application is not required to be signed unless the ADS includes a nonpublication request. 37 C.F.R. §1.33(b) requires that amendments and other papers, except for written assertions pursuant to 37 C.F.R. §1.27(c)(2)(ii), filed in the application must be signed by an appropriate party. Therefore, an ADS or a supplemental ADS filed after the filing of an application must be signed in accordance with 37 C.F.R. §1.33(b).
